

Keslyn's

Itty-Bitty's

Total dimensions of the picture on the cover include all 16 designs with ten spaces between each motif. The motif patterns are printed in groups of four with only three spaces between each motif. All patterns are stitched completely in the color that is listed in the color chart. This also includes the motifs with specialty stitches.

The Stitch Diagrams are constructed as the best *representation* of each motif. Some of the stitch diagrams on the pattern end at the intersection of the square and some end inside the square. The diagram program will only design inside the square so please keep this in mind.
